

# FUNDING AVAILABLE FOR WATER CONSERVATION PROJECTS

## Save Money and Promote Water Sustainability In Your Community Through WISE

- Cost-share reimbursement grants are available for projects that improve water use efficiency
- Reimbursement of 50% of eligible project costs
- Reimbursement of up to \$20,000 per project
- Applications accepted year-round on a first come, first serve basis
- Project must be within the Southwest Florida Water Management District

RECEIVE UP TO **\$20,000**

## Conservation Projects That May Be Eligible In Your Community

- WaterSense labeled irrigation controllers
- Soil moisture sensors
- Separation of mixed irrigation zones
- Weather stations for irrigation control
- High-efficiency irrigation heads (i.e. rotary nozzles)
- Pressure regulating devices
- Conversion to micro-irrigation in landscape beds

**Additional projects not listed may be eligible for funding. Please contact District staff to discuss ideas.**

## Benefits May Include

- Save money on utility bills and operating expenses
- Simplify operation and maintenance through efficient irrigation systems
- Reduce your project costs through reimbursement
- Improve landscape aesthetics
- Protect Florida's water resources
